**Dear Author:**

Charges of \$75.00 a page are applied to all articles in Ecology. Because of the high cost of color printing, separate additional charges apply if you would like any figures printed in color. The charge for printing in color is \$360 per figure. If you fail to return this form, we will print your figures in black and white. However, your figures will publish online in color even if you do not chose color printing.

Please estimate your charge(s) identified below and return this form to Jessica King within 48 hours.
